

RAIN CAPS

LOW PROFILE

Quiet, rattle resistant design with a very low profile. Lifetime bronze hinge bearings and safety rivets provide worry free operation.

LIGHTWEIGHT

Economical lightweight rain cap design, stamped sheet metal is formed for strength, zinc plated for corrosion resistance.

STANDARD HEAVY DUTY

Standard construction with bronze hinge bearings. Precision counterweight design for a smooth balanced operation. Carbon Steel Assembly is Zinc Plated for corrosion resistance.

NOTES:

- All Raincaps Have Lifetime Lubricated Bronze Hinge Bearings.
- Carbon Steel Standard Heavy Duty Raincaps are Zinc Plated.
- T-316 Stainless Steel Rain Caps Available. Change "H" to "E" at the End of the Part Number.
- 45° Rain Caps Available.
- Special Size Rain Caps Available.
